'Cal Wee Wee' Country Club Sets Forth Requirements

by Jim Daniel

The California Western Country Club, as a formal organization, came into being during the month of September, 1970. Its charter was drawn up under, and in accordance with, the specifications set forth in "The Document" concerning the formation of special interest groups. The primary aim of "The Club" is to promote harmony, unity, and self perpetuation.

The Country Club, a subsidiary of the greater U.S.I.U. Country Club, was originally conceived by "Fat Doug" Verlander during the last winter quarter.

The perpetual officers of "The Club" are: Cp-Presidents Jim Daniel and Bruce Miller; Vice-President in Charge of Social Activities and Initiation, George Smith; and Royal Shylock and Treasurer, Dave Whitwer.

The only prerequisites for joining "The Club" is attendance at Cal-Western for at least one year. This is so stipulated in the charter, as we wish all our members to become fully oriented to club life before gaining full lifetime membership. Upon entrance into "The Club," members place their signa-

ture on the Club flag, which makes them eligible for all the benefits as so described and set forth in "The Club" charter.

For further information regarding "The Club," feel free to contact any of the officers or inquire at room 306, Hall I after 7 p.m.
